PROGRAM AGENDA - Saturday, May 9, 2015

7:00 AM    Registration, Breakfast, and Exhibits
7:20 AM    Welcome & Introduction - Benjamin N. Ajayen, M.D.
7:40 AM    TBI Clinical Trials – What Have We Learned - Ross Zafonte, D.O.

Resident & Fellow Research Presentations - Part 1
8:40 AM    Paper Presentation #1               
            Long Term Functional Outcomes after West Nile Neuroinvasive Disease - Sharon Chong, M.D. and Trixy Sye, M.D.
8:55 AM    Paper Presentation #2               
            Use of MR Neurography in the Diagnosis of Neuropathic Pelvic Pain - Austen Watkins, D.O.
9:10 AM    Paper Presentation #3               
            Depression and Pain as Predictors for Perceived Disability in Spinal Cord Injury - Merrine Klakeel, D.O.

Phaia A. Helm, M.D. Distinguished Lectureship
9:25 AM    Sports Related Concussion Pathophysiology and Long Term Consequences – What is Known and What is Not - Ross Zafonte, D.O.

10:25 AM   Break and Exhibits

Resident & Fellow Research Presentations - Part 2
10:45 AM   Paper Presentation #4               
            Are Physiatrists Being Utilized to their Full Potential as Consultants? Analysis of Two Years’ of Consults - Sean Anderson, D.O. and Devin Smith, M.D.
11:00 AM   CONTACT: CONcussion Treatment After Combat Trauma – The Military Experience of MTBI - Kathleen Bell, M.D.
12:00 PM   Lunch and Exhibits
12:30 PM   Resident Poster Viewing
1:00 PM    Neurosurgical Issues Following Sports Related Concussions in Athletes - Hunt Bajer, M.D.
2:00 PM    Break and Exhibits
2:15 PM    MTBI/PCS Panel Discussion: Survivors of MTBI/PCS – Moderator: Johnny Taylor - Chaplain
3:15 PM    Adjourn
Target Audience
Physicians, Neurologists, Family Practice Physicians, Internists, Physical Therapists, Psychologists, NPs and PAs, Nurses, and other healthcare professionals interested in the treatment of mild traumatic brain injury and physical rehabilitation.

Purpose and Content
This program is designed to highlight scientific advances in the topic of Mild Traumatic Brain Injury/Post-Concussive Syndrome (MTBI/PCS) in the field of Physical Medicine and Rehabilitation. This program also will showcase the research performed by residents and fellows in the Department of Physical Medicine and Rehabilitation at UT Southwestern Medical Center.

Educational Objectives
Upon completion of this activity, participants should be able to:
- Discuss the controversies and data surrounding long term sequelae and concussion
- Describe the pathophysiology, clinical consequences and management concerns of concussions sustained in sports
- List the challenges in acute and post acute TBI trials
- Recognize the spectrum of symptoms and co-morbid disorders in service members sustaining MTBI in combat
- Apply principles of problem-solving treatment as described in the CONTACT study to the treatment of MTBI and associated symptoms
- Apply principles of problem-solving treatment as described in the CONTACT study to Core Competencies (Patient Care, Medical Knowledge, Practice-Based Learning, and Professionalism) and:
- Identify the ethical issues in evaluating mild traumatic brain injury (MTBI) patients and how to apply them in practice.

Credit Designation
The University of Texas Southwestern Medical Center designates the "MTBI/PCS Panel" mensurate with the extent of their participation in the activity.

Accreditation
The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Conflict of Interest
All persons in the position to control the content of an education activity are required to disclose all relevant financial relationships in any amount occurring within the past 12 months with any commercial interest. All persons in the position to control the content of an education activity are required to disclose all relevant financial relationships in any amount occurring within the past 12 months with any commercial interest. A primary mechanism to resolve identified conflicts of interest is a content review that is performed prior to the activity.

Discussion of Off-Label Use
This course is meant to educate physicians with what is currently in use and what may be available in the future. There may be "off-label" use discussed in the activity.

Registration
Registration cannot be processed without payment. On-site registration will be available; however, course materials are not guaranteed for registrations received after Friday, May 1, 2015.

Refund Policy
A $25 handling fee will be deducted from cancellation refunds. Refund requests must be received by mail or fax prior to May 1, 2015. No refunds will be made thereafter.

Cancellation Policy
The Office of Continuing Medical Education reserves the right to limit registration and cancel courses, no less than one week prior to the course, should circumstances deem this necessary.

Refund Policy
The Office of Continuing Medical Education reserves the right to limit registration and cancel courses, no less than one week prior to the course, should circumstances deem this necessary.

Registration
For additional information, please call The Office of Continuing Medical Education, 214-648-3138, 1-800-688-8678, or email cmeregistrations@utsouthwestern.edu

Program Accessibility
We accommodate people with disabilities. Please call 214-648-3138 for more information, or mark the space indicated on the registration form. To ensure accommodation, please register as soon as possible.

The University of Texas Southwestern Medical Center is committed to providing programs and activities to all persons regardless of race, color, national origin, religion, sex, age, veteran status, or disability.

UT Southwestern Medical Center is an equal opportunity institution.

Course Chair
Benjamin N. Nguyen, M.D.
Associate Professor
Department of Physical Medicine & Rehabilitation
University of Texas Southwestern Medical Center
Dallas, Texas

Course Co-Chair
Thiru Annaswamy, M.D., M.A
Associate Professor
Department of Physical Medicine & Rehabilitation
University of Texas Southwestern Medical Center
Dallas, Texas

Program Directors
Johnny Taylor
Chapman
Chapman Services
University of Texas Southwestern Medical Center
dallas, Texas

Ross Zafonte, D.D.
Earle P. and Ida E. Chaplin Professor and Chair
Department of Physical Medicine and Rehabilitation
Harvard Medical School
Boston, Massachusetts

Syllabus Information
The course syllabus will be distributed as a downloadable PDF file. A link to the file will be emailed to you prior to the meeting.

The syllabus, as well as any missing presentations, will be available for download on the conference website approximately one week after the conference.

Registration Form
Register online at utsouthwestern.edu/PMRScientificDay
OR cmeregistrations@utsouthwestern.edu

General registration - $85
Trainees – Non-UTSW/PHHS (fellows/residents/medical students) - $25
UTSW Staff/Fellows/Residents/Students - Complimentary

Registration Instructions
After clicking on the registration link, you will be prompted to login to an account which is within the online system in order to register. If you have not previously registered for any courses you must first create a user profile and then can go back and register for the course.

If you have already created a user profile, please login to your account and then click on take course located at the bottom of the page on the course site in order to register.

We only accept credit card payments online. For other payment options please contact our office directly at 214-648-3138 or cmeregistrations@utsouthwestern.edu.

The course syllabus will be distributed as a downloadable PDF file. A link to the file will be emailed to you prior to the meeting.

Target Audience
Physiatrists, Neurologists, Family Practice Physicians, Internists, Physical Therapists, Psychologists, NPs and PAs, Nurses, and other healthcare professionals interested in the treatment of mild traumatic brain injury and physical rehabilitation.

Purpose and Content
This program is designed to highlight scientific advances in the topic of Mild Traumatic Brain Injury/Pesticide Concussion Syndrome (MTBI/PCS) in the field of Physical Medicine and Rehabilitation. This program also will showcase the research performed by residents and fellows in the Department of Physical Medicine and Rehabilitation at UT Southwestern Medical Center.

Educational Objectives
Upon completion of this activity, participants should be able to link the educational objectives to Core Competencies (Patient Care, Medical Knowledge, Practice-Based Learning, and Professionalism) and:

- List the challenges in acute and post-acute TBI trials
- Describe the pathophysiology, clinical consequences and management concerns of concussions sustained in sports
- Discuss the controversies and data surrounding long-term sequelae and concussion
- Recognize the spectrum of symptoms and co-morbid disorders in service members sustaining MTBI in combat
- Apply principles of problem-solving treatment as described in the CONTACT study to the treatment of MTBI and associated symptoms

Credit Designation
The University of Texas Southwestern Medical Center designates this educational activity for a maximum of 6.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Accreditation
The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Conflict of Interest
All persons in the position to control the content of an education activity are required to disclose all relevant financial relationships in any amount occurring within the past 12 months with any legal entity. Such relationships must also be disclosed to the audience. A primary mechanism to resolve identified conflicts of interest is a content review that is performed prior to the activity.

Discussion of Off-Label Use
This course is meant to educate physicians with what is currently in use and what may be available in the future. There may be “off-label” use discussed in the activity. Speakers have been requested to inform the audience when off-label use is discussed.

Registration
Registration cannot be processed without payment. On-site registration will be available; however, course materials are not guaranteed for registrations received after Friday, May 1, 2015.

Refund Policy
A $25 handling fee will be deducted from cancellation refunds. Refund requests must be received by mail or fax prior to May 1, 2015. No refunds will be made thereafter.
