33rd Annual
Dallas Rhinoplasty Symposium
Advances and Innovations in Rhinoplasty Today

Friday-Sunday
March 4 - 6, 2016

Westin Galleria
Dallas, Texas

• Hands-on Learning With The Experts Using Fresh Cadaver Nose Dissections
• Focus on Advanced Techniques in Rhinoplasty
• New! Live Edited Finesse in Rhinoplasty Surgery Videos
• Learn How To Market Your Rhinoplasty Practice Using Social Media and Beyond

Program details available at:
www.dallasherinoplastysymposium.com
or call 214-648-3138

Sponsored by
UT Southwestern Department of Plastic Surgery
and the Office of Continuing Medical Education

SYMPOSIUM CHAIRMAN
Rod J. Rohrich, M.D.
Professor and Founding Chairman of Plastic Surgery
Distinguished Teaching Professor
Department of Plastic Surgery
The University of Texas Southwestern Medical Center
Dallas, Texas
Who Should Attend
This symposium is designed for and limited to the plastic surgeon or otolaryngologist who would benefit from a refresher course in the anatomy and fundamentals of rhinoplasty. The didactic course will provide an update on specific aspects and problems of rhinoplasty. Registration is limited.

Purpose and Content
The symposium is designed to take the participant from the basic fundamentals of rhinoplasty through the latest refinements and advancements in technique. It will consist of didactic lectures, cadaver dissections, panel discussions, question-and-answer periods, and evening DVD sessions. An anatomic nasal dissection DVD will be provided to all participants registered for the anatomy laboratory. Participants will observe experienced surgeons demonstrate advanced closed and open rhinoplasty techniques via unedited videotaped surgery. Participants may directly engage in questions and answers with the surgeons.

Educational Objectives
At the end of the didactic course, the attendees should be able to:
- Clinically analyze and diagnose common and subtle rhinoplasty problems
- Identify the appropriate rhinoplasty techniques for specific rhinoplasty problems
- Develop an individual approach to rhinoplasty
- Implement advances in techniques and technology in secondary rhinoplasty into daily clinical practice.

Accreditation and Credit Designation Statements
The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Texas Southwestern Medical Center designates this live activity for a maximum of 25.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activities.

Of the 25.5 credits, 10.0 credits have been identified as applicable to patient safety.

ACGME/ABMS Competencies
The Dallas Rhinoplasty Symposium will address the following competencies:
- Professionalism
- Patient Care and Procedural Skills
- Medical Knowledge
- Interpersonal and Communication Skills
- Systems-Based Practice

Conflict of Interest
It is UT Southwestern’s policy that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speaker’s presentation(s). Each speaker has completed and signed a conflict of interest statement. The faculty members’ relationships will be disclosed in the course syllabus.

Instruments to Bring
Participants registering for the rhinoplasty anatomy laboratory will be required to bring the following instruments:
- Surgical gown or scrub suit
- Mask
- Double skin hook (30 or 35 mm)
- 2 single skin hooks
- Straight 2 mm osteotome
- Nasal curved osteotomies (left and right)
- Donal rasp
- Needle holder
- Cartilage or Freer elevator
- Mallet
- Brown-Adson forceps
- Parklight
- Aufricht retractor
- Angled septal scissors
- Centimeter ruler and/or calipers
- 2 plastic container lids
- 1" 38g needles (5)
- 1 1/2" 25g needles (5)
- 4-0 nylon sutures (3)
- 2 single skin hooks
- Needle holder
- 2 plastic container lids
- 10cc Syringe
- Centimeter ruler and/or calipers
- 2 plastic container lids
- 10cc Syringe

Discussion of Off-Label Use
Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be “off-label” use discussed in the presentations. Speakers have been requested to inform the audience when off-label use is being discussed.

Registration
Refer to registration form for fee schedule.

The registration fee includes continental breakfasts, coffee breaks, lunches, and a Saturday evening reception. Anatomy lab participants will receive an anatomic nasal dissection DVD during registration at the hotel. Registration for the anatomy lab is limited and will be taken on a first-come, first-served basis. Please do not make travel reservations unless your registration has been confirmed.

Register online: cme.utsouthwestern.edu/content/rp1603

Cancellation Policy
The Office of Continuing Medical Education reserves the right to limit registration and cancel courses, no less than one week prior to the course, should circumstances make this necessary.

Refund Policy
A handling fee of $200 for the Rhinoplasty Symposium will be deducted from cancellation refunds. Refund requests must be received by mail or fax prior to February 28, 2016. No refunds will be made thereafter.

ENDORSED BY:

Endorsement is not approval for Continuing Medical Education (CME) credit. The organizers may at their discretion provide separate CME credit.

Attending Plastic Surgeon at New York-Presbyterian Hospital
New York, New York

Jason Roostaeian, M.D.
Assistant Clinical Professor UCLA Plastic Surgery Los Angeles, California
Who Should Attend
This symposium is designed for and limited to the plastic surgeon or otolaryngologist who would benefit from a refresher course in the anatomy and fundamentals of rhinoplasty. The didactic course will provide an update on specific aspects and problems of rhinoplasty. Registration is limited.

Purpose and Content
The symposium is designed to take the participant from the basic fundamentals of rhinoplasty through the latest refinements and advancements in technique. It will consist of didactic lectures, cadaver dissections, panel discussions, question-and-answer periods, and evening DVD sessions. An anatomic nasal dissection DVD will be provided to all participants registered for the anatomy laboratory. Participants will observe experienced surgeons demonstrate advanced closed and open rhinoplasty techniques via unedited videotaped surgery. Participants may directly engage in questions and answers with the surgeons.

Instruments to Bring
Participants registering for the rhinoplasty anatomy laboratory will be required to bring the following instruments:

- Surgical gown or scrub suit
- Mask
- Double skin hook (10 or 12 mm)
- 2 single skin hooks
- Dorsal rasp
- Cartilage or Periosteum elevator
- Mallet
- Nasal speculum
- Aulich retractor
- Conterter knife and/or calipers
- 4.0 nylon sutures (3)
- 2 plastic container lids
- 25g Needle
- Straight 2 mm osteotome
- Neivert curved osteotomies (left and right)
- Double skin hook (10 or 12 mm)
- Nasal curved osteotomies (left and right)
- Nasal speculum
- 1" 30g needles (3)
- 1 1/2" 25g needles (3)
- Centimeter ruler and/or calipers
- 10cc Syringe
- Plastic container lids
- 10cc Syringe
- Centimeter ruler and/or calipers
- 10cc Syringe

Discussion of Off-Label Use
Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be "off-label" use discussed in the presentations. Speakers have been requested to inform the audience when off-label use is being discussed.

Registration
Refer to registration form for fee schedule.

The registration fee includes continental breakfasts, coffee breaks, lunches, and a Saturday evening reception. Anatomy lab participants will receive an anatomic nasal dissection DVD during registration at the hotel. Registration for the anatomy lab is limited and will be taken on a first come, first served basis. Please do not make travel reservations unless your registration has been confirmed.

Register online: cme.utsouthwestern.edu/content/rp1603

Cancellation Policy
The Office of Continuing Medical Education reserves the right to limit registration and cancel courses, no less than one week prior to the course, should circumstances make this necessary.

Refund Policy
A handling fee of $200 will be deducted from cancellation refunds. Refund requests must be received by mail or fax prior to February 28, 2016. No refunds will be made thereafter.

ENDORSED BY:

Endorsement is not approval for Continuing Medical Education (CME) credit. The organizers may at their discretion provide separate CME credit.
