20th Annual
Dallas Cosmetic Surgery Symposium
Innovations and Controversies

Thursday, March 23, 2017

Westin Galleria
Dallas, Texas

- Hands-on Learning With Experts – Fresh Cadaver Dissections in Facelifting, Brow and Eyelid Surgery
- Special Anatomy Sessions on Dual Plane Breast Augmentation / Buttock and Breast Fat Augmentation / Migraine Surgery / Female Genitalia Rejuvenation
- Advances in Breast Augmentation With Fat and New Shaped Implants
- Advances in Female Genitalia Rejuvenation
- Advanced Techniques in Breast Augmentation/Mastopexy
- Advances in Facial Cosmetic Surgery
- Advanced Neuromodulator and Fillers (Botulinum Toxin Type A and Fillers)
- Role of Adipolysis in Non-Invasive Neck Contouring

UT Southwestern Medical Center

Sponsored by
UT Southwestern Department of Plastic Surgery and the Office of Continuing Medical Education
Discuss the use of fat grafting to enhance the face,
Integrate new implant options for breast augmentation
with the extent of their participation in the activities.

Purpose and Content
Attendees will become familiar with the latest techniques and advances in cosmetic surgery. The focus will be on controversies and advances in facial, breast and body contouring procedures including the use of fat for augmenting the face, breast and buttock. A live demonstration of the use of injectables, including new products on the market, will allow for a broad overview of products, facial analysis, and techniques. An optional cadaver course will be available to highlight the surgical techniques described.

Educational Objectives
At the end of the program, the attendees should be able to:
- Describe advanced techniques utilizing Botulinum Toxin Type A and soft tissue fillers for facial enhancement
- Integrate new implant options for breast augmentation and breast shaping using new breast lift techniques
- Discuss the use of fat grafting to enhance the face, breast and buttock
- Utilize techniques learned/discussed on cadaver model

Accreditation and Credit Designation Statements
The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Texas Southwestern Medical Center designates this live activity for a maximum of 25.5 AMA PRA Category 1 Credit™. Physicians should only claim credit commensurate with the extent of their participation in the activities.

ACGME/ABMS Competencies
The Dallas Cosmetic Surgery Symposium will address the following competencies:
- Systems-Based Practice
- Interpersonal and Communication Skills
- Medical Knowledge
- Patient Care and Procedural Skills
- Professionalism

Purpose and Content
Attendees will become familiar with the latest techniques and advances in cosmetic surgery. The focus will be on controversies and advances in facial, breast and body contouring procedures including the use of fat for augmenting the face, breast and buttock. A live demonstration of the use of injectables, including new products on the market, will allow for a broad overview of products, facial analysis, and techniques. An optional cadaver course will be available to highlight the surgical techniques described.

Discussion of Off-Label Use
Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be “off-label” use discussed in the presentations. Speakers have been requested to inform the audience when off-label use is being discussed.

Registration
Refer to registration form for fee schedule.
Registration fee includes continental breakfasts, breaks, lunches, and Thursday evening snacks for the lab participants. Anatomy lab participants will also receive a facial anatomy dissection DVD during registration at the hotel. Registration for the anatomy lab is limited and will be taken on a first-come, first-served basis. Please do not make travel reservations unless your registration has been confirmed.

Register online: cme.utsouthwestern.edu/rp1703

Cosmetic Surgery Lab Instrument List
We will provide the following instruments:

- Surgical gown
- 25 gauge needles (4)
- Mask
- 1 1/2"25g needles (5)
- #10 blades (4)
- 1"30g needles (5)
- #15 blades (4)
- 10cc Syringes (2)
- 3-0 and 4-0 nylon sutures (6 each)
- Marking pen

Participants are required to bring the following instruments:
- Curved facelift scissors
- Centimeter ruler and/or calipers
- Straight facelift scissors
- Long grasping forceps
- Skin stapler
- Brown-Adson forceps
- Needle holder
- Adson forceps 1x2 with serrations
- Straight Iris Scissors
- Freer periosteal elevator
- Curved Iris Scissors
- Single Skin Hooks (2)
- Double Skin Hook 10mm (2)
- Long facelift retractor

Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be “off-label” use discussed in the presentations. Speakers have been requested to inform the audience when off-label use is being discussed.

Registration
Refer to registration form for fee schedule.
Registration fee includes continental breakfasts, breaks, lunches, and Thursday evening snacks for the lab participants. Anatomy lab participants will also receive a facial anatomy dissection DVD during registration at the hotel. Registration for the anatomy lab is limited and will be taken on a first-come, first-served basis. Please do not make travel reservations unless your registration has been confirmed.

Register online: cme.utsouthwestern.edu/rp1703

Cancellation Policy
The Office of Continuing Medical Education reserves the right to limit registration and cancel courses, no less than one week prior to the course, should circumstances make this necessary.

Refund Policy
A handling fee of $200 for the Cosmetic Symposium will be deducted from cancellation refunds. Refund requests must be received by mail or fax prior to March 9, 2017. No refunds will be made thereafter.

ENDDORSED BY:
The American Society for Aesthetic Plastic Surgery, Inc. and the American Society of Plastic Surgeons

Endorsement is not approval for Continuing Medical Education (CME) credit. The organizers may at their discretion provide separate CME credit.

Take advantage of the special discounted price when you register for both courses!
At checkout, be sure to apply the appropriate coupon code:
rp1703phy ($400 Discount for Physicians)
rp1703tra ($200 Discount for Physicians in Training)

Registration Instructions
UT Southwestern Medical Center Office of CME has transitioned to a new online registration system.

After clicking on the registration link, you will be prompted to login to an account within the online system in order to register. If you have not previously registered for any courses you must first create a user profile and then can go back and register for the course.

If you have already created a user profile, please login to your account and then click on take course located at the bottom of the page on the course site in order to register.

We only accept credit card payments online. For other payment options please contact our office directly at 214-648-3138 or cmeregistrations@utsouthwestern.edu
Thursday, March 23, 2017

6:30 am  Registration, Continental Breakfast, Exhibits

7:00 am  Welcome and Introduction
  – Rod J. Rohrich, M.D. / Jeffrey M. Kenkel, M.D.

**Part 1: Innovations and Controversies in Cosmetic Breast Surgery**

7:05 am  Hot Topics in Breast Augmentation Today (Update on ALCL - Diagnosis and Treatment)
  – William P. Adams, Jr., M.D.

7:20 am  Back to the Future: Sub Glandular Placement of Breast Implants
  – Frank Lista, M.D.

7:40 am  When and How I Use Fat in Breast Augmentation
  – Dan Del Vecchio, M.D.

8:00 am  Discussion
  – Rod J. Rohrich, M.D. / Jeffrey M. Kenkel, M.D.

**Part 2: Innovations and Controversies in Cosmetic Buttock Augmentation**

8:15 am  My Current Approach for Buttock Augmentation - Interactive DVD
  – Dan Del Vecchio, M.D.
  – Ashkan Ghavami, M.D.
  – Sam Jejurikar, M.D.

8:45 am  Discussion
  – Rod J. Rohrich, M.D. / Jeffrey M. Kenkel, M.D.

**Part 3: Innovations and Controversies in Female Cosmetic Genital Surgery**

9:05 am  Finesse in Labiaplasty
  – Christine Hamori, M.D.

9:25 am  Nonsurgical Vaginal Rejuvenation
  – Jamil Ahmad, M.D.

9:45 am  Discussion
  – Rod J. Rohrich, M.D. / Jeffrey M. Kenkel, M.D.

**Part 4: Safety and Controversies in Cosmetic Medicine - Where is the Evidence?**

10:25 am  Fillers / Neuromodulators – What’s New?
  – Steven Fagien, M.D.

10:45 am  Filler Safety and Danger Zones
  – Rod J. Rohrich, M.D.

11:00 am  What is the Best Technology for Non-Invasive Fat Removal and Skin Tightening Today and Why
  – A. Jay Burns, M.D. and Jeffrey M. Kenkel, M.D.

11:30 am  Best Cosmetic Lasers to Use / Buy Today and Why?
  – A. Jay Burns, M.D. and Jeffrey M. Kenkel, M.D.

11:50 am  Hand Rejuvenation Pearls – Individualizing Treatment
  – Bardia Amirlak, M.D.

12:05 pm  Demonstration of Fillers Innovations / Refinements / Cellulite Removal – Live Edited DVDs
  – Rod J. Rohrich, M.D., Steven Fagien, M.D., and Brad Hubbard, M.D.

**Part 5: Innovations and Controversies in Facial Rejuvenation**

1:30 pm  Best Thing I Do Now in Facial Rejuvenation That Has Improved My Results Dramatically
  – Bahman Guyuron, M.D.
  – Steven Fagien, M.D.
  – James Stuzin, M.D.
  – Rod J. Rohrich, M.D.
  – Bardia Amirlak, M.D.

3:00 pm  Discussion
  – Rod J. Rohrich, M.D. / Jeffrey M. Kenkel, M.D.

3:30 pm  Shuttle to UT Southwestern for Anatomy Lab Participants

4:15 pm  Key Facial Anatomy to Stay Safe – What You Really Need to Know to Stay Out of Trouble
  – James M. Stuzin, M.D.

4:30 pm  Video Cadaver Demonstration
  – Bardia Amirlak, M.D. and Rod J. Rohrich, M.D.

5:15 pm  Cadaver Lab Dissection
  – Browlifts
  – Face Lift Techniques
  – Blepharoplasty
  – Neck Lift Techniques

Special Breakout Sessions (Assigned Rotations)
  – Cosmetic Genital Surgery
  – Christine Hamori, M.D.

  – Breast Augmentation Dual Plane / ADM
  – William P. Adams, Jr., M.D.

  – Buttock / Adams, Jr., M.D.

8:30 pm  Adjourn – Buses Depart to Westin Galleria

DVD Theater (Westin Galleria)

Faculty
Discuss the use of fat grafting to enhance the face.

Integrate new implant options for breast augmentation with the extent of their participation in the activities.

Purpose and Content

Attendees will become familiar with the latest techniques and advances in cosmetic surgery. The focus will be on controversies and advances in facial, breast, and body contouring procedures including the use of fat for augmenting the face, breast and buttock. A live demonstration of the use of injectables, including new products on the market, will allow for a broad overview of products, facial analysis, and techniques. An optional cadaver course will be available to highlight the surgical techniques described.

Educational Objectives

At the end of the program, the attendees should be able to:
- Describe advanced techniques utilizing Botulinum toxin Type A and soft tissue fillers for facial enhancement
- Integrate new implant options for breast augmentation and breast shaping using new breast lift techniques
- Discuss the use of fat grafting to enhance the face, breast and buttock
- Utilize techniques learned/discussed on cadaver model

Accreditation and Credit Designation Statements

The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Texas Southwestern Medical Center designates this live activity for a maximum of 11.5 AME PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activities.

ACGME/ABMS Competencies

The Dallas Cosmetic Surgery Symposium will address the following competencies:
- Interpersonal and Communication Skills
- Medical Knowledge
- Professionalism

ACGME/ABMS Competencies

The Dallas Cosmetic Surgery Symposium will address the following competencies:
- Interpersonal and Communication Skills
- Medical Knowledge
- Professionalism

Conflict of Interest

It is UT Southwestern’s policy that participants in CME activities should be made aware of any affiliation or financial interest that may affect the speaker’s presentation(s). Each speaker has completed and signed a conflict of interest statement. The faculty members’ relationships will be disclosed in the course syllabus.

Cosmetic Surgery Lab Instrument List

We will provide the following instruments:
- Surgical gown
- 25 gauge needles (4)
- Mask
- 1 1/2”25g needles (5)
- #10 blades (4)
- 1”30g needles (5)
- #15 blades (4)
- 10cc Syringes (2)
- 3-0 and 4-0 nylon sutures (6 each)
- Marking pen
- Participants are required to bring the following instruments:
- Curved facial scissors
- Centimeter ruler and/or calipers
- Straight facial lift scissors
- Long grasping forceps
- Skin staple
- Brown-Adson forceps
- Needle holder
- Adson forceps 1x2 with serrations
- Straight Iris Scissors
- Freer periosteal elevator
- Curved Iris Scissors
- Single Skin Hooks (2)
- Double Skin Hook 10mm (2)
- Long facelift retractor

Discussion of Off-Label Use

Because this course is meant to educate physicians with what is currently in use and what may be available in the future, there may be "off-label" use discussed in the presentations. Speakers have been requested to inform the audience when off-label use is being discussed.

Registration

Refer to registration form for fee schedule.

Registration fee includes continental breakfasts, breaks, lunches, and Thursday evening snacks for the lab participants. Anatomical lab participants will also receive a facial anatomy dissection DVD during registration at the hotel. Registration for the anatomical lab is limited and will be taken on a first-come, first-served basis. Please do not make travel reservations unless your registration has been confirmed.
