Register on-line at  
[cme.utsouthwestern.edu/rp1701a](http://cme.utsouthwestern.edu/rp1701a)

## Target Audience

The symposium is designed for urologists and urologic allied health professionals who wish to enhance their knowledge of the current diagnostic and therapeutic modalities in urology.

## Purpose and Content

The Paul C. Peters Urology Symposium will review current recommendations, issues, and controversies in the management of urologic conditions, with an emphasis on topics relevant to the general urologist. Point-counterpoints will focus on highlighting the management and therapeutic options for selected urologic disease processes. Live surgical cases will be televised and moderated to emphasize important aspects of patient selection and surgical technique. Additionally, through case discussions management of practical cases in urology will be reviewed, with audience participation.

## Educational Objectives

Upon completion of this symposium, the participants should be able to link the educational objectives to Core Competencies (Medical Knowledge and Patient Care) and be able to:

- Diagnose and treat patients with pelvic organ prolapse and/or urinary incontinence.
- Diagnose and surgically treat BPH. Understand the risks, benefits, and expected outcomes of novel surgical techniques for BPH management.
- Review contemporary surgical techniques for the treatment of erectile dysfunction.
- Describe the indications and approaches for contemporary medical and surgical management options of upper urinary tract stones.
- Recognize the diagnostic workup and treatments for male factor infertility.
- Employ contemporary treatments for prostate cancer including both locally invasive and advanced disease. Understand the efficacy of and risks associated with these treatments.
- Identify and adopt strategies to improve urologic practice management.
- Integrate care for patients with congenital urologic disorders as they transition from adolescence to adulthood.
- Recognize contemporary approaches to bladder cancer diagnosis and understand how to apply tri-modality treatment strategies.

## Accreditation

The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

## Credit Designation

The University of Texas Southwestern Medical Center designates this live activity for a maximum of **18.25 AMA PRA Category 1 Credit(s)™** and 1 hour of medical ethics. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The University of Texas Southwestern Medical Center designates the presentation titled "Ethics in Urology Grand Rounds" for 1 hour in medical ethics and/or professional responsibility."

## Conflict of Interest

All persons in the position to control the content of an education activity are required to disclose all relevant financial relationships in any amount occurring within the past 12 months with any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on patients. A primary mechanism to resolve identified conflicts of interest is a content review that is prior to the activity.

## Discussion of Off-Label Use

This course is meant to educate physicians with what is currently in use and what may be available in the future. There may be "off-label" use discussed in the activity. Speakers have been requested to inform the audience when off-label use is discussed.

## Registration

The registration fee entitles the participants to admission to the conference, all course materials, continental breakfast, refreshments at the break, and lunch during the meeting. Enrollment is confirmed upon receipt of registration fee. We are unable to process any registration without payment. Please register early. We cannot guarantee course materials on-site to anyone registering later than January 10, 2017.
