

Dear Representative,

***Liver Transplant Outreach Activity (RP2604B)*** will be held on April 11, 2026. This continuing education activity will take place live in-person at the **UT Southwestern Monty and Tex Moncrief Medical Center in Fort Worth, TX** and is sponsored by the **UT Southwestern Department of Gastroenterology and Hepatology Division**, and the Office of Continuing Education at UT Southwestern Medical Center.

***Liver Transplant Outreach Activity (RP2604B)*** provides participants a showcase of the distinctive features of the liver transplant (LT) program at UT Southwestern Medical Center. A literature review of patient cases involving Severe Acute Alcoholic Hepatitis (SAAH) and Metabolic Dysfunction-Associated Steatotic Liver Disease (MASLD) and didactic presentations examining Living Donor Liver Transplantation (LDLT) will highlight challenges to liver transplant referral eligibility.

This activity is appropriate for Gastroenterologists and Hepatologists (from the community and from UT Southwestern), ICU physicians, Primary Care Physicians, Advanced Practice Providers, nurses, oncology fellows, residents, and students interested in the liver transplantation.

**Learning Objectives include:**

1. Evaluate the clinical approach and outcomes for patients with Severe Acute Alcoholic Hepatitis (SAAH), including literature review and real case examples.
2. Describe the role and benefits of Living Donor Liver Transplantation (LDLT), including its potential to expand the donor pool, reduce mortality, and the use of machine perfusion technologies.
3. Discuss the scope for transplanting patients with hepatocellular carcinoma and other malignancies.
4. Review current transplant program protocols, including the careful selection of patients with different types of cancers (hepatocellular carcinoma, cholangiocarcinoma, colorectal cancer with hepatic metastases) who would traditionally not have been eligible for transplant.
5. Identify the clinical presentation of Acute on Chronic Liver Failure (ACLF) emphasizing it as a common and severe complication of liver disease, and the need for early diagnosis and timely referral.

**\*\*For a detailed agenda, please see the conference website :\_**

**[Liver Transplant Outreach Activity \(RP2604B\) | UT Southwestern](#)**

**Benefits of Exhibiting**

Meet one-on-one to discuss your products and services with medical professionals who will attend this meeting. Further benefits of exhibiting at the ***Liver Transplant Outreach Activity*** include:

- Exposure to approximately **70** attendees (a mix of community and UT Southwestern Oncologists, Nurse practitioners, Physician assistants, Oncology Nurses, fellows, residents, and students interested in liver transplantation).
- Ample intermissions between morning and afternoon sessions allow time for attendees to visit your exhibit
- Build visibility for your company in a competitive marketplace
- Expand your prospective place and strengthen existing customer relationships

We look forward to your support and participation.

Regards,

Office of Continuing Education  
UT Southwestern Medical Center  
Dallas, TX

### Exhibitor Levels and Benefits:

Your company can support this program with an exhibit fee in the following amounts:

<b>Exhibitor</b>	<b>\$2500</b>	<ul style="list-style-type: none"> <li>• One 6-foot table w/linen tablecloth and 2 chairs</li> <li>• Two (2) complimentary representative registrations</li> <li>• Acknowledgment as a Exhibitor sponsor in meeting program and meeting welcome slides</li> </ul>
------------------	---------------	---
