Wendy and Emery Reves International Breast Cancer Symposium

Wendy and Emery Reves International Breast Cancer Symposium

continuing medical
education

Background

In 1990, a donation of \$2 million was made to endow the Wendy and Emery Reves International Breast Cancer Symposium and to establish the Reves Breast Cancer Diagnostic and Treatment Center at UT Southwestern University Hospitals & Clinics in honor of Mr. and Mrs. Emery Reves.

This program is designed to improve the clinician's ability to care for patients with breast cancer and provide information on the latest technologies, treatment options, and survivorship care.

Topics include:

- A new classification system for breast cancer and new genomic tools to define risks that impact therapy
- An assessment of familial breast cancer risk and recognition of familial cancer syndromes
- The role of hormonal manipulation in the ER/PR-positive patient, as well as emerging roles for agents that target HER2/HER3/HER4 receptors
- The latest information in radiation treatment and surgical management strategies
- A comprehensive approach to modern breast cancer management in a multidisciplinary setting

This event will feature a public education portion on Friday evening that will focus on survivorship of breast cancer. Topics on recurrence, emotional reactions to diagnosis and treatment, and the genetics of breast cancer will be presented. Attendees will have the opportunity to speak with the presenters at a reception following the conclusion of the evening's presentations.

Registration

Register online at:
cme.utsouthwestern.edu/rp1705a

Registration Fee – Complimentary

Registration Instructions

After clicking on the registration link, you will be prompted to log in to an account within the online system in order to register. If you have not previously registered for

any courses, you must first create a user profile and then can go back and register for the course. If you have already created a user profile, please log in to your account and then click on “Take Course” located at the bottom of the page on the course site in order to register.

Accreditation Statement

The University of Texas Southwestern Medical Center is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation Statement

The University of Texas Southwestern Medical Center designates this live activity for a maximum of 6.75 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Conflict of Interest

All persons in the position to control the content of an education activity are required to disclose all relevant financial relationships in any amount occurring within the past 12 months with any entity producing, marketing, reselling, or distributing health care goods or services consumed by, or used on, patients.

A primary mechanism to resolve identified conflicts of interest is a content review that is prior to the activity.

Discussion of Off-Label Use

This course is meant to educate physicians with what is currently in use and what may be available in the future. There may be “off-label” use discussed in the activity. Speakers have been requested to inform the audience when off-label use is discussed.

Cancellation Policy

The Office of Continuing Medical Education reserves the right to limit registration and cancel courses, no less than one week prior to the course, should circumstances deem this necessary.

Additional Information

For additional information, please call the Office of Continuing Medical Education at 214-648-3138 or 800-688-8678, fax 214-648-2317, or email cmeregistrations@utsouthwestern.edu.

To obtain information on other UT Southwestern programs, visit the Office of Continuing Medical Education's website at utsouthwestern.edu/cme.

Program Accessibility

We accommodate people with disabilities. Please call 214-648-3138 for more information, or mark the space indicated on the registration form. To ensure accommodation, please register as soon as possible.

UT Southwestern Medical Center is committed to providing programs and activities to all persons regardless of race, color, national origin, religion, sex, age, veteran status, or disability. *UT Southwestern is an equal opportunity institution.*

Target Audience

This course is designed for physicians and medical professionals, research scientists, postdoctoral and clinical fellows, students, and other individuals interested in breast cancer treatment.

Educational Objectives

Upon completion of this activity, participants should be able to:

- Make appropriate decisions regarding adjuvant chemotherapy based on patient-specific factors that balance risks of recurrence and toxicities
- Apply recent developments in biomarkers and genomics to choose optimal cytotoxic and biological therapies for HER2-positive and triple-negative breast cancer patients

- Describe the role of adjuvant hormonal therapy in the management of early-stage invasive breast cancer and sequential hormonal therapies in patients with metastatic disease
- Recognize new surgical and radiation therapy options for treatment of breast cancer
- Apply novel approaches to increase breast cancer survival rates in underserved populations

Syllabus Information

Only presentations for which the author has given permission will be available online.

Course Directors:

Barbara Haley, M.D.
Professor of Internal Medicine
Holder of the Charles Cameron Sprague, M.D., Chair in Clinical Oncology
UT Southwestern Medical Center
Dallas, Texas

Sandra Hofmann, M.D., Ph.D.
Professor of Internal Medicine
UT Southwestern Medical Center
Dallas, Texas

Course Faculty:

Phil Evans, M.D.
Professor
Department of Radiology
UT Southwestern Medical Center

Laura Howe-Martin, Ph.D.
Associate Professor
Department of Psychiatry
UT Southwestern Medical Center

Jay Lohrey, M.D.
Assistant Professor
Department of Internal Medicine
Harold C. Simmons Comprehensive Cancer Center
UT Southwestern Medical Center

Asal Rahimi, M.D.
Assistant Professor
Department of Radiation Oncology
UT Southwestern Medical Center

Roshni Rao, M.D.
Associate Professor
Department of Surgery
UT Southwestern Medical Center

Theo Ross, M.D., Ph.D.
Professor, Department of Internal Medicine
Director, Cancer Genetics Program
UT Southwestern Medical Center

Sumeet Teotia, M.D.
Associate Professor
Department of Plastic Surgery
UT Southwestern Medical Center

Guest Faculty:

William J. Gradishar, M.D., FASCO, FACP
Betsy Bramsen Professor of Breast Oncology & Professor of Medicine; Deputy Director, Clinical Network, Robert H. Lurie Comprehensive Cancer Center of Northwestern University; Director, Maggie Daley Center for Women's Cancer Care; Deputy Chief, Division of Hematology/Oncology, Northwestern University Feinberg School of Medicine, Chicago, Illinois

Ruth O'Regan, M.D.
Chief, Hematology and Medical Oncology Division, University of Wisconsin, Madison, Wisconsin

Debasish Tripathy, M.D.
Professor and Chairman, Department of Breast Medical Oncology, Division of Cancer Medicine, The University of Texas MD Anderson Cancer Center, Houston, Texas

Program: May 5–6, 2017

Friday, May 5th

5:30 p.m. Registration

Session 1: Survivorship – A Journey Forward: How to Thrive After Breast Cancer

6:00 p.m. Welcome
Barbara Haley, M.D.

6:05 p.m. Lowering the Risk of Recurrence: The Metabolic Healthy Lifestyle
Jay Lohrey, M.D.

6:45 p.m. Emotional Reactions to Cancer Diagnosis, Treatment, and Survivorship
Laura Howe-Martin, Ph.D.

7:30 p.m. The Genetics of Breast Cancer: Concerns for Me and My Family
Theo Ross, M.D., Ph.D.

8:15 p.m. Reception

9:00 p.m. Adjourn

Saturday, May 6th

7:00 a.m. Registration and Breakfast

8:00 a.m. Introduction to Morning Sessions
Barbara Haley, M.D.

Session 2: New Concepts and Practices in Breast Cancer

8:05 a.m. Personalized Medicine in Breast Cancer
Ruth O'Regan, M.D.

8:45 a.m. The Estrogen Receptor – New Drugs, Sequencing Pathways, and Duration of Therapy
William J. Gradishar, M.D., FASCO, FACP

9:30 a.m. Harnessing the Immune System in Breast Cancer
Debasish Tripathy, M.D.

10:15 a.m. Break

Session 3: Advancing the Science to Clinical Practice

10:30 a.m. The New World of Early Breast Cancer Detection
Phil Evans, M.D.

11:00 a.m. A New Risk Factor for Triple-Negative Breast Cancer
Roshni Rao, M.D.

11:30 a.m. Advancements in Breast Radiation Techniques
Rahimi Asal, M.D.

12:00 p.m. New Frontiers in Autologous and Implant-Based Breast Reconstruction
Sumeet Teotia, M.D.

12:30 p.m. Panel Discussion (Q&A) with Invited Speakers

12:45 p.m. Lunch Buffet and Adjourn
